TOW LAW,

Medical Officer of Health.

CO. DURHAM.

25th July, 1940.

To. The Chairman and Members of the Tow Law Urban District Council.

Gentlemen,

Annual Report for 1939.

In accordance with the desire of the Minister of Health to curtail Annual Reports of Medical Officers of Health by reason of the war an interim report for the year 1939 is only necessary.

The general health of the community during the year was good and there was a freedom from epidemic disease.

No exceptional administrative measures were found necessary nor were there any essential and urgent matters affecting the public health.

All records, and statistics to be supplied by the Registrar will be preserved in order that after the termination of the war a report could be made dealing more fully with the period from the beginning of 1939 to the end of the last complete year, giving separate statistics for each year in order that the annual records may as far as practicable be continuous and complete,

I remain,

Your most obedient servant,

A. CHARLTON.
